## Document Version History

---

This section summarises the most significant changes in this version of the Covid-19 Guidelines on Safe Return to Gaelic Games:

### Version 1.3 – 30.6.20

- From June 29<sup>th</sup>, contact training permitted for Gaelic Games
- Interim Guidance on dealing with positive symptomatology issued – click here [Dealing with Positive Symptomatology](#)
- Facilities permitted to open from June 29<sup>th</sup>
  - Astro turf facilities – for club members
  - Hurling ball walls
  - Walkways – all control measures, bar the need to adhere to social distancing, removed
  - Outdoor Handball Alleys
  - Officer Training/Meetings (Subject the guidelines prepared by the National Health and Safety Committee – [Guidance on holding Indoor Meetings](#))
- The following are allowed to open from June 29<sup>th</sup> providing Government Regulations for the relevant sector is followed and all required third party insurances and assurances are in place
  - Bars Serving Food
  - Businesses operated by third parties using GAA premises under licence or lease (Exception: Gyms)
  - Astro Turf Facilities – recreational use by non-GAA members
  - Playgrounds
- It is hoped that the following may be allowed open for Phase 4 (from July 20<sup>th</sup>) – however, the GAA will confirm the position on each of these in the lead in to Phase 4:
  - Club/County Gyms
  - Dressing Rooms (subject to advice on Close v Casual Contacts)
  - Indoor Handball Alleys, subject to guidance laid down in Handball Return to Play Document
  - Use of facilities by community groups / recreational users
  - Bars not serving food

### Version 1.2 – 19.6.20

- Week starting June 22<sup>nd</sup>
  - Open pitches for Adult training next Wednesday, June 24<sup>th</sup>
  - Open for Minor and below from Saturday, June 27<sup>th</sup>
  - Both of the above on a non-contact basis and on understanding that players and all participants have completed the eLearning module and are following the control measures in place (health questionnaire etc)
  - On the basis of a maximum of 15 players in a designated area of the field (26 Counties) and 10 players in a designated area of the field (6 Counties)
  - Coaching numbers for underage teams to be consistent with Code of Behaviour
- From June 29<sup>th</sup>:
  - Allow contact training and challenge games for all from Monday, June 29<sup>th</sup> (26 Counties)
  - Awaiting guidance from NI Executive in relation to 6 Counties – non-contact training in the numbers outlined above in the interim
  - GAA also awaiting clarification on what will constitute a close contact versus a casual contact

## 30.6.20 – Covid-19: Guidelines on the Safe Return to Gaelic Games

- Restriction on participants only attending training sessions to be relaxed from June 29th – subject to government specified maximum of 200 people in the ground.
- Allow Club Fixtures from Friday July 17th
- No change to inter county dates (Sept 14th for training; competitions to start on Oct 17th as planned)
- All control measures for players, coaches and other team personnel (completion of health questionnaire, eLearning education etc) to remain in place until advised otherwise; dressing rooms to remain closed until July 20th
- Advisory committee are considering the position in relation to other GAA buildings (such as Club bars that are serving food, Gyms, Handball alleys etc). Guidance will be provided in this context before June 29th

### Version 1.1 – 12.6.20

- The Health Questionnaire will need to be completed once, before the initial return to training.
- It will be the responsibility of the individual to inform the team's Covid Supervisor of any change in circumstance before subsequent sessions.
- It is the responsibility of the individual to monitor their own temperature.
- The presence of symptoms such as a high temperature (above 37.5c), cough, sore throat, general weakness, shortness of breath and change or absence in taste or smell prevents attendance at training with a recommendation that the individual contacts their General Practitioner.
- Temperature must not be recorded on the Health Questionnaire.
- Clubs are not responsible for recording of temperatures.
- The updated question is "Do you believe that you may currently have COVID-19?"
- The GP's name should not be recorded on the Health Questionnaire.

## Introduction and Context

---

The Covid-19 Advisory Group was tasked with preparing a guidance document and recommendations that would inform the safe resumption of activities within the Gaelic Games family.

While this document provides a guide for a safe return for Gaelic Games activity, it is important to note that further, more detailed, advice and guidance will need to be provided in the coming weeks on specific areas contained within this document such as online training modules, the role of the Covid Supervisor, advice on recording player temperatures, advice on, and samples of signage and so on. It is also envisaged that separate and updated advice on the Safe Return for inter county players will be published during Phase 4 and closer to the resumption time for inter-county activity.

The Covid-19 Advisory group makes its recommendations on the resumption of activities having studied the best advice available from the Governments and National Health agencies on the island of Ireland, as well as other sporting bodies (separate advice, based on local considerations and consistent with jurisdictional obligations will need to be provided for clubs outside of Ireland). The evidence and research to date indicates that the resumption of activities is a complex process, that it may not be linear and that small and deliberate steps must be taken before there can be a return to full activity.

The roadmap contained in this document outlines and defines a set of recommended minimum practices for the reintroduction of activities in a methodical manner which preserves player and community safety. The objective is to advise members and clubs on how a resumption of activities can best be achieved in a controlled and safe manner. The resumption of activity and the timing of progression between the various phases outlined may be influenced by factors outside the control of the Association. The guidelines, protocols and recommendations within the document are capable of evolving and staying abreast of changes in Government policy and developments within the Association.

The priority at all times must be to protect the health and welfare of all those involved in Gaelic Games and to minimise the risk of transmission within the wider community.

The GAA, Ladies Gaelic Football and Camogie Associations are community based, and volunteer-led organisations for the promotion of Gaelic sports and culture. Participation is voluntary; players, mentors, referees and club officers may choose to opt-in or opt-out from activity at any level at their discretion.

Unless and until a vaccine or antiviral medication is available, there will be a risk associated with COVID-19. Public Health guidelines may prevent the participation of vulnerable groups. We would encourage all others, but particularly those who may consider themselves in a vulnerable category, to seek appropriate contemporary advice and perform a personal risk-benefit analysis before deciding whether to re-engage in their chosen activity.

Shay Bannon Chairman, Covid Advisory Group

5ú Meitheamh 2020

## Section 1 – Medical Information

---

### 1. Background Information

COVID-19 is a viral infection which is highly infectious and contagious. COVID-19 disease is caused by infection with a virus, technically named SARS-CoV-2 virus, is a newly identified (novel) virus and the seventh (7th) Coronavirus known to infect humans. The resulting viral illness is referred to as COVID-19 disease. This virus is in the same coronavirus family as Severe Acute Respiratory Syndrome Coronavirus (SARS-CoV or SARS) and Middle East Respiratory Syndrome Coronavirus (MERS-CoV or MERS), which caused the two previous coronavirus epidemic outbreaks, and have similar physical and biochemical properties and comparable transmission routes as COVID-19.

There is no effective treatment or vaccine. Most people infected with the COVID-19 virus will experience no symptoms or mild to moderate respiratory illness and recover without requiring special treatment. Those who are infected may be infectious for 48 hours before symptoms appear. Based on current knowledge, younger healthy people are less likely to develop severe symptoms. However, if infected, they may spread the disease to their families, friends, colleagues, and teammates.

### 2. Transmission of Virus

COVID-19 viral disease is most likely spread from person to person through:

- when an infected person coughs or sneezes
- close contact with an infected person while they are infectious (in particular by spending more than 15 minutes of face-to-face contact within 2 metres of an infected person or living in the same house or shared accommodation)
- touching surfaces that are contaminated by droplets coughed or sneezed from an infected person and bringing your unwashed hands to your face

### 3. Symptoms

It can take up to 14 days for symptoms of coronavirus (COVID-19) to appear. Individuals may have no symptoms but have the virus and pass the infection to others. Virus shedding appears to be highest at the time of symptom onset and just before the onset of symptoms.

Common symptoms of coronavirus include:

- a fever (high temperature of 37.5° C (degrees Celsius or above)
- a cough - this can be any kind of cough, not just adry cough
- shortness of breath or breathing difficulties
- loss of sense of smell (anosmia)
- loss of sense of taste (ageusia) or distortion of sense of taste (dysgeusia)

Less common symptoms of coronavirus include:

- diarrhoea
- aches & pains
- conjunctivitis
- rash
- chilblains on fingers/toes

#### 4. Staying Safe - 5 Rules to Follow

Safe return to contact sports is the personal responsibility of each player and backroom member.

##### Wash your hands frequently

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water (for 20 seconds). Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

##### Maintain social distancing

Observe social distancing guidelines (currently 2m) and keep this distance between yourself and others, especially anyone who is coughing or sneezing. When someone coughs or sneezes, they spray small liquid droplets from their nose or mouth which may contain virus. If you are too close, you can breathe in the droplets, including COVID-19 if the person coughing has the disease.

##### Avoid touching eyes, nose and mouth

Hands touch many surfaces and surface to hand transfer can spread the virus. Once contaminated, hands can transfer the virus to your eyes, nose or mouth. From there, the virus can enter your body and can make you sick.

##### Practice respiratory hygiene

Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. If using tissues, you should dispose of the used tissue immediately and wash your hands. By following good respiratory hygiene, you protect the people around you from all viruses such as cold, flu and COVID-19.

If you have fever, cough and difficulty breathing, seek medical care early

CALL YOUR GP. DO NOT VISIT THE DOCTOR'S SURGERY OR GAA FACILITY. Stay home if you feel unwell.

Follow the directions of your GP and public health service. This will protect you and help prevent spread of viruses and other infections.

#### 5. Assessing Risk/Vulnerable Groups

Current public health guidelines have identified groups who are vulnerable. An extensive list is contained as part of the more in-depth medical information available on the GAA website at:

<https://www.gaa.ie/api/pdfs/image/upload/dbrquujnn6bwinpfl1u0.pdf>.

The most common categories are:

- Age over 70 years (even if fit and well)
- Undergoing treatment for cancer
- Chronic lung disease
- Asthma (uncontrolled)
- Diabetes
- Cardiac disease
- High blood pressure
- Obesity

## 30.6.20 – Covid-19: Guidelines on the Safe Return to Gaelic Games

Members who have a concern regarding personal higher risk, or a family member / household contact with higher risk, should discuss the situation with their GP (or an appropriate medical professional) before making a decision on whether to return to activity or not.

### 6. Risk – Adult v Underage players

The HIQA document “Evidence summary for spread of COVID-19 by children” published in May 2020 indicated that there is low transmissibility among children less than 14 years old. Serious illness in children is rare to date. There are low rates of child-to-adult or child-to-family member transmission in the limited number of studies available. As with all situations there is a risk of infection but it appears to be lower in children. Outdoor activity appears to further lower the risk. There are a number of actions that can be taken to lower the risk of infection during activities.

- Do not share personal equipment such as water bottles
- If summer camps proceed, it is advisable that children limit their involvement to one camp
- Communication with parents of the relative risk is important so that they can make an informed decision on their desire to have their children engage in small group activity. A minority of children may have diseases that put them at higher risk and the level of risk needs to be assessed by their GP and parent(s)/guardian
- Having smaller groups with the same supervisor/trainer and equipment assigned to each group

***Parents should be advised to promote behaviours in younger age groups that will reduce the spread of the virus such as:***

- Staying at home when appropriate
- Hand hygiene and respiratory etiquette
- Adequate hygiene supplies
- Signs and messages
- Activities confined to a geographical locality

### 7. Health Questionnaire/Temperature Checks

Prior to commencing training, players, parents/guardians and backroom personnel should complete the self-administered standard risk assessment health questionnaire (“Health Questionnaire” - this will be covered in the Gaelic Games online education module) – see Appendix 1. Symptoms such as a high temperature, fever, cough, sore throat, general weakness, shortness of breath, and change in taste or smell will be identified. The presence of symptoms, or temperature (over 37.5°C) precludes attendance at training. In such circumstances, the individual should telephone their GP for advice and management. The Questionnaire will need to be completed once, before the initial Return to Training. It will be the responsibility of the individual to inform the team’s Covid Supervisor of any change in circumstance before subsequent sessions.

These measures will be reviewed in conjunction with national public health advice.

**REMEMBER: Positive symptomatology or a high temperature (over 37.5°C) precludes attendance.**

**In such circumstances, THE GP SHOULD BE TELEPHONED - DO NOT ATTEND SURGERY OR GAA FACILITIES.**

MORE INDEPTH MEDICAL INFORMATION ON COVID-19 IS AVAILABLE ON THE GAA WEBSITE AT THE FOLLOWING LINK: [Further Medical Information](#)

## Section 2 – Preparing for a Safe Return

---

The information below will help clubs to prepare for a return to activity.

### 1. Preparation of facilities

Dressing Rooms, Gyms and Social areas should remain closed in Phase 3 and until further notice.

#### a. Signage

Appropriate signage in line with public health guidelines should be placed at the entrance of club facilities, in car parks, at the entrances of toilets and pitch side. These signs should be clearly visible and easy to understand. Signs should emphasize the government recommended social distancing rules (2m at present), hand hygiene, respiratory hygiene, avoidance of personal contact, shaking hands and spitting etc.

#### b. Hand gel dispensers

Hand dispensers should be provided in the car park, toilets, entrance to pitch and pitch side. Appropriate disposal bins for hazardous biological waste to be available and clearly marked.

#### c. Toilets

Toilets must be regarded as potentially contaminated areas. Ventilation is important, doors and windows should remain open in so far as is reasonable and appropriate. Basic hygiene etiquette adapted to the circumstances should be promoted: for example, use of elbows to open doors, and using paper towels to turn taps on and off. On exit of toilet, use hand sanitizer. There should be a regular cleaning programme with daily deep disinfection in place.

#### d. Pitch side

Signage regarding social distancing, personal contact, coughing, sneezing, spitting, hand sanitizing to be clearly visible. Only players and essential team personnel should gain access. Medical personnel (physios, doctors) should wear masks. Facilities for disinfecting balls, sliotars, hurleys, helmets, gloves etc to be available and to be used regularly.

#### e. Medical isolation room

In the unlikely event that a player becomes unwell during a training session, facilities will be in place for immediate isolation in a designated medical room (this could be a dressing room as they will not be in general use) containing the appropriate personal protective equipment. There will be a clearly defined protocol for linking up with the appropriate medical service - for example, local accident and emergency department (in the event of an injury), general practitioner or out of hours GP service.

### 2. Covid Supervisors for Gaelic Games

Every club will require to have a number of Covid Supervisors who will require to familiarize themselves with the Gaelic Games online education module provided (further information at [E Learning Module](#)). Initially, each Club Secretary and Chairperson (or their nominees) will be invited to complete an online module so that each Club understands both the Role and the purpose of Covid Supervisors. Following on from that, it is envisaged that every team in the club should have someone nominated with responsibility for Covid Supervision present at each training session or game. These nominees will be provided with training and information on their exact role via the Gaelic Games online education module. Covid Supervisors will be on duty and will be clearly identifiable (for example, standardized bib) at all times while facilities are open until further notice

## 30.6.20 – Covid-19: Guidelines on the Safe Return to Gaelic Games

Broadly speaking the main duties of the Covid Supervisor will include:

- Ensuring players and backroom personnel have completed the Health Questionnaire before the initial Return to Training (it will be the responsibility of the individual to inform the team’s Covid Supervisor of any change in circumstance before subsequent sessions)
- Ensuring sanitising of facilities is completed before and after each training session of game (e.g. Toilets, door handles etc.)
- Maintaining records of attendees

### The Health Questionnaire

Prior to commencing training players, and support staff will complete a standard risk assessment health questionnaire before their initial return to training (“Health Questionnaire” - see Appendix I). Further information on this process is available at <https://learning.gaa.ie/covid19>. In the case of underage players, the questionnaire should be signed by a parent or guardian. It will be the responsibility of the individual to inform the team’s Covid Supervisor of any change in circumstance before subsequent sessions.

### Temperature checking

It is the responsibility of the individual to monitor their own temperature. The presence of symptoms such as a high temperature (above 37.5c), cough, sore throat, general weakness, shortness of breath and change or absence in taste or smell prevents attendance at training with a recommendation that the player contacts their general practitioner

### Sanitising of facilities

At the end of each training session, the Covid Supervisor should ensure all door handles, playing equipment (e.g. balls, hurleys, sliotars etc.), the medical room and the Toilet(s) are sanitised before use by the next team or training group.

### Attendance records/data management

The Covid Supervisor will ensure that the record of everybody attending each training session will be available in the event that contact tracing or other intervention is required. Data management will be consistent with GDPR guidelines.

### Scheduling of activities

Timesheets should be used to clearly show what teams are using club facilities at what times. The principle of “get in, train and get out” will apply. There should be a time interval between teams departing having completed training and the next team arriving. Attendance will be limited to essential personnel.

Compliance will be necessary to ensure efficiency and harmony.

### Education of club members

This is a rapidly evolving situation and as such, Covid Supervisors will have a role in conveying and explaining policy decisions and guidelines from Croke Park. Changes in community transmission rates, associated advice from public health authorities and directions from Croke Park may require to be addressed urgently with appropriate adjustments.

### Protocol for Participation

Players and team personnel should be provided with this document and have completed the Gaelic Games online education module prior to participation. Participants are also required to change at home, travel separately (except family members), shower at home and where possible use toilet facilities at home. Strapping should be applied at home. All players should use their own individual and clearly labelled water bottles.

## Section 3 – Information for Players and Team Personnel

---

### 1. Key Control Measures for players, coaches and backroom personnel

Changes to the team environment for all Gaelic Games activities will continue in line with best available public health guidance measures. These measures are aimed at minimising the risk of Covid-19 transmission, and every person involved on a Gaelic games team, both club and county, has a responsibility to adhere to them at all times.

Personal hygiene, self-isolation if experiencing COVID-19 symptoms, social distancing, restricting group numbers and limiting travel are the most effective means of prevention of the spread of the virus. In the team environment, both in training and games, undertaking even more careful measures to avoid exposure and spread will be paramount.

Until medical advice permits otherwise, the Key Control Measures for players, coaches and backroom personnel to prevent transmission of COVID-19 and allow for safe resumption of Gaelic games are:

#### a) Education & Awareness

- Complete the online Gaelic Games online education module through the GAA eLearning platform.
- Ensure continued awareness of safety protocols relating to your role as a player, coach or mentor.

#### b) Pre-Attendance Screening

All players and personnel will be required to comply with the following requirements if day they are going to attend training or games until further notice:

- Complete the health questionnaire (see sample in Appendix 1) before the initial Return to Training. This can be completed online at <https://returntoplay.gaa.ie/>. This will require you to identify if you have any symptom(s) - the presence of symptoms such as a high temperature (above 37.5c), cough, sore throat, general weakness, shortness of breath and change or absence in taste or smell prevents attendance with a recommendation that the player contacts their general practitioner. The form can be completed on line or in hard copy, in which case it should be presented to the Covid Supervisor on entry to the facility. It will be the responsibility of the individual to inform the team's Covid Supervisor of any change in circumstance at subsequent sessions.
- If a player/member develops symptoms of COVID-19 (Coronavirus), the player should not attend a training session, skills practice session or game, and will need to self-isolate immediately and phone their GP for medical advice. The player should not attend the medical practice or surgery of their doctor, or pharmacy, healthcare clinic or hospital.
- The doctor will evaluate the symptoms over the telephone and provide the necessary medical advice

#### c) Adhere to hygiene best practice

- Frequent hand washing, sanitising, and regular cleaning and washing of gear and equipment.
- Avoid the following: spitting, sharing water bottles, touching high contact surfaces (e.g. door handles)
- Use of face masks where applicable

- d) Observe Government advised social distance guidelines
  - Currently 2m until further notice
- e) Avoid or Reduce body contact to a minimum
  - Shaking hands, clapping hands, 'high fives' and embracing to be completely avoided
  - Until measures are reduced, physical contact should be reduced where possible on field. Off field, players and spectators should observe government social distancing guidelines at all times.
- f) No access to changerooms
  - All clubhouses, changerooms and shower areas are NOT to be used until further notice.
  - Toilets will be available on a controlled basis.
- g) Travel to and from training – follow Government social distancing advice in relation to all forms of transport to training and play
  - If possible, walk or cycle to the venue
  - If travelling by private vehicle, such as a car, only travel with members of the same household
  - Avoid the use of public transport where possible (if it is the only option follow Government guidelines)
- h) Refrain from events such as team meetings – eliminate all non-essential gatherings and put robust control measures in place for essential interaction
  - Team meetings should be held outdoors or in spaces that allow for compliance with Government social distancing guidelines (currently 2 metres)
  - All other meetings should be held online
  - In line with Government Roadmap guidelines, social events are not permitted
- i) Reduced training groups – the following outlines permitted numbers through the phases:
  - Until June 29th, teams must only train in small groups and adhere to social distancing guidelines (currently 2 metres)
  - **Minor and below age groups**– small groups (not more than 15 players/2 Coaches (26 Counties) and 10 players/2 coaches(6 Counties) in a designated area of the pitch) for non-contact training under social distancing guidelines – where players can maintain the Government advised distance from each other (currently 2 metres)

*(Note: Underage groups must be comprised in accordance with the ratios provided for by the Code of Behaviour. Parental or guardian sign off on the Health Questionnaire will be required for underage participation)*

- **Adult Training – small groups** (not more than 15 players/2 Coaches (26 Counties) and 10 players/2 coaches(6 Counties) in a designated area of the pitch) for non-contact training under social distancing guidelines – where players can maintain the Government advised distance from each other (currently 2 metres)
- From June 29th, Players and teams can return to full contact training.
- Coaches and support personnel must observe social distancing rules at all times
- It is essential for county and clubs to have a clear schedule of use at their facilities and to allow transition time between groups as outlined in Section 2 of this document.

j) Ensure sessions take place outdoors

- All Players and Teams must conduct their training sessions outdoors; no changing Facilities will be available for Players and Teams until further notice.

If you have any questions, ask for clarification from a Covid Supervisor

### 2. Education

All players (parents or guardians in the case of underage players) and personnel involved in training must complete the mandatory Gaelic Games online education module (available at <https://learning.gaa.ie/covid19learning>) and record or document a certificate of completion for the Covid Supervisor prior to any resumption of training and/or playing activities

Education materials – posters etc – will be visible throughout GAA facilities as per section 3 of this document.

Players (parents or guardians in the case of underage players) and personnel will complete the Health Questionnaire (sample included as Appendix 1) indicating that they understand the risks involved in participation, that they are participating on a voluntary basis and that all participants may opt-out at the start or at any time before or after resumption of training and playing activities.

### 3. Responsibility

It is essential that everyone in the club works together to ensure compliance with these guidelines.

- Each 'Club Executive' will be responsible for ensuring that a Covid Supervisor is assigned to each team, and will ensure the full cooperation of participating officials, coaches, mentors, players, medical and sports science and allied support personnel and parents.
- Teams should return to training for and playing games in a staged manner
- Each Covid Supervisor will be responsible for ensuring COVID-19 protocols, including collation of health questionnaires, and cleaning and sanitising of facilities are followed.
- Each Team Manager will be responsible for overseeing player and support personnel compliance
- Each Mentor and Player shall ensure compliance with COVID-19 guidelines within their own area and for health and safety of their colleagues
- Parents/Guardians will be responsible for dropping underage players to, and collecting underage players from, training sessions or games in Phases 3 and 4 and until further notice.

## Section 4 – Safe Return Summary and Checklist

---

The GAA envisages the re-opening of its playing facilities (pitches) only once the Government is happy to move to Phase 3 of the Government’s Roadmap for the Re-Opening of Society and Business. Initially the return to training will be for small groups as outlined in the GAA Safe Return Roadmap that follows.

In order to ensure your club is ready for a Safe Return in Phase 3 and phase 4, you need to ensure the following:

1. This document has been circulated to all players and team personnel intending to return
2. You have familiarised yourself with the basic Medical Information in Section 1 of this Document
3. You have completed the actions outlined in Section 2 of this document for preparation of Facilities
4. The Secretary and Chairperson of the Club – or their nominees – have completed the online Gaelic Games education module
5. Each team returning to training has a nominated Covid Supervisor who has completed the Gaelic Games online education module
6. A timetable system is in place so that individual teams in each club are aware of their allocated training times
7. All participants have completed the Gaelic Games online education module
8. A system is in place for completion of player health questionnaires

## Section 5 – Gaelic Games Safe Return Roadmap

PHASE 2 – 8 <sup>TH</sup> JUNE	PHASE 3 – 29 <sup>TH</sup> JUNE	PHASE 4 – 20 <sup>TH</sup> JULY	PHASE 5 – 10 <sup>TH</sup> AUGUST
<p>Dedicated GAA walking tracks may be used for recreational use in groups of no more than 4 people</p> <p>Persons using the facilities must be located within the recommended 20km radius</p> <p>Individual training at home incorporating running/aerobic/agility training, resistance training and skills training.</p> <p>All other GAA grounds remain closed. Non Contact training permitted from Wednesday June 24th for adults and Saturday June 27th for Minor and below age groups</p> <p>Small groups (not more than 15 players/2 Coaches (26 Counties) and 10 players/2 coaches(6 Counties) in a designated area of the pitch) for non-contact training under social distancing guidelines – where players can maintain the Government advised distance from each other (currently 2 metres)</p> <p>No games, or team or small group training permitted on GAA facilities</p>	<p>All GAA pitches open.</p> <p>Contact training to recommence for Adult and Juvenile teams</p> <p>Dressing Rooms remain closed</p> <p>Club competitions permitted from July 17<sup>th</sup></p> <p>Spectators limited to 200; social distancing guidelines to be followed</p> <p>Players cannot share equipment (such as water bottles) and all other equipment used must be sanitised before and after training</p> <p>Contact tracing measures to be in place.</p> <p>All participants to complete Health Questionnaire in advance of their first return to training. It will be the responsibility of the individual to inform the team’s Covid Supervisor of any change in circumstance at subsequent sessions.</p> <p>All players and coaches to sanitise their hands - on entry and departure from grounds.</p> <p>No access to indoor club training facilities permitted</p> <p>Club facility to display signage and information for managing Covid-19.</p> <p>Parent/guardian must drop off and collect child at the club.</p>	<p>Dressing Rooms remain closed until further notice</p> <p>All Control measures for players and backroom teams remain in place</p> <p>Contact tracing measures remain in place</p> <p>All players and coaches to sanitise their hands - on entry and departure from grounds.</p> <p>Club facility to display signage and information for managing Covid-19.</p> <p>Parent/guardian must drop off and collect child at the club.</p> <p>Separate and updated advice on the Safe Return for inter county players will be published during Phase 4.</p> <p><b>#Limitations on spectator numbers to be confirmed (in line with Govt Guidelines). Currently Spectators limited to 500 – social distancing guidelines to be followed</b></p> <p><b>#Separate spectators from players in line with social distancing requirements.</b></p>	<p>Club Competitions continue</p> <p>All Control measures for players and backroom teams remain in place</p> <p>Contact tracing measures to remain in place.</p> <p>Adequate sanitisers to be available throughout the facility.</p> <p>Club facility to display signage and information for managing Covid-19.</p> <p>Spectator numbers to be managed in line with agreed protocols and government guidance.</p> <p><b>#Limitations on spectator numbers (in line with Govt Guidelines) – currently limited to 500</b></p> <p>Subject to no changes in medical advice or research there will be a resumption of inter county training from 14th September.</p>

## 30.6.20 – Covid-19: Guidelines on the Safe Return to Gaelic Games

<p>All clubrooms and dressing room facilities closed.</p> <p>Covid-19 protocols related to training to be developed in line with 'Return to Play' requirements and medical advice.</p>	<p>Ancillary facilities permitted to open from June 29<sup>th</sup> :</p> <ul style="list-style-type: none"> <li>• Astro turf facilities – for club members</li> <li>• Hurling ball walls</li> <li>• Walkways – all control measures, bar the need to adhere to social distancing, removed</li> <li>• Outdoor Handball Alleys</li> </ul> <p>Officer Training/Meetings permitted subject to the guidelines prepared by the National Health and Safety Committee – <a href="#">Guidance on holding Indoor Meetings</a>)</p> <p>The following are allowed to open from June 29<sup>th</sup> providing Government Regulations for the relevant sector is followed and all required third party insurances &amp; assurances are in place:</p> <ul style="list-style-type: none"> <li>• Bars Serving Food</li> <li>• Businesses operated by third parties using GAA premises under licence or lease (Exception: Gyms)</li> <li>• Astro Turf Facilities – recreational use by non-GAA members</li> <li>• Playgrounds</li> </ul>		
--	--	--	--

***\* The dates outlined above for Phases 3-5 are contingent on the plans of the relevant Government's being happy to move to the next phases on each of the specified dates. Any delay in Government plans to move forward will have a corresponding delay on plans for Gaelic Games. Clubs will be advised in advance if the Gaelic Games are moving to the next phase in each instance.***

## Appendix 1 – Sample Health Questionnaire Form for Gaelic Games

NAME: \_\_\_\_\_

CLUB: \_\_\_\_\_

TEAM: \_\_\_\_\_

### 1. Do you believe that you may currently have COVID-19?

Yes \_\_\_\_\_

No \_\_\_\_\_

### 2. Have you had any of the following symptoms of COVID-19 in the past 14 days?

High temperature (i.e. over 37.5°C) Yes _____ No _____	A new continuous cough Yes _____ No _____
New unexplained shortness of breath Yes _____ No _____	Loss of sense of smell, of taste or distortion of taste Yes _____ No _____

If you have answered **YES** to any of these questions you should stay at home and contact your GP by phone for further advice.

If you have answered **NO** to all of the above questions you may train or play with your team.

Please sign this form to confirm that the details above are true to the best of your knowledge, that you or your guardian have completed the Gaelic Games online Covid-19 Education Module and to confirm that you understand the risks involved in participation, are participating on a voluntary basis and that you may opt-out at any time.

The Questionnaire will need to be completed once before the initial Return to Training. It will be the responsibility of the individual to inform the team's Covid Supervisor of any change in circumstance before subsequent sessions.

### Data Protection Notice

Your personal data is being collected on this form in order to help prevent the spread of COVID-19 in GAA facilities. Your personal data is being processed in accordance with Article 9(2)(i) of the General Data Protection Regulation, and Section 53 of the Data Protection Act 2018. The information you provide on this form will not be used for any other purpose, and will be strictly confidential. The GAA and your Club are Joint Data Controllers for the information on this form. Your information will be stored securely on the GAA's Games Management System provided by our Data Processor, Dawson Andrews, who we have a contract with to ensure the security of your data. This form will be accessible only by the designated COVID Supervisors in your Club, and designated employees of the GAA. Your personal data will be retained for 3 weeks.

If you have any queries in relation to this, you can contact your Club Secretary, or the GAA's Data Protection Officer by email at [dataprotection@gaa.ie](mailto:dataprotection@gaa.ie) or by phone at (01) 865 8637.

If you wish to raise a concern or report a breach in relation to your personal data, you can do so via the applicable webforms on the Data Protection Commission's website at [www.dataprotection.ie](http://www.dataprotection.ie)
